

Dear Naomi & Family,

Dave Bird had told me that David's cancer was overtaking him and I did not get a chance to call him. I am a huge Dave Rempe fan and enjoyed solving problems with him. To say that Dave was an engineer is like saying Michael Jordon was a good basketball player. He was an awesome (underlined) engineer! We all thought the world of him here at Beaty Construction. Dave's style was understated but so thorough. I spent time with Dave at Mt. Vernon, IN on a pile test and South Bend, IN. I think he enjoyed the field work and I enjoyed his involvement. Though we did not speak directly about it, I sensed his faith and am comforted by the bio you sent. God bless. Dan Beaty
